- **A Day to Remember**

PROFILE

As an off-shoot of Harakatu Falahil Islam (HFI), Tarbiyya Group of Schools (TGS), is located at No. 2 Botswana Crescent, Barnawa Low-Cost in Kaduna South Local Government of Kaduna State, Nigeria. For all intent and purposes, the Organization was registered as a corporate body with the Corporate Affairs Commission (CAC) Abuja to manage the Friday Mosque and Tarbiyya Group of Schools.

Tarbiyya Group of Schools of Harakatu Falahil Islam is a community faith based school that offer both conventional and Islamic Education. It was established in 1978 in line with the provisions of the laws of the Kaduna State.

In September 1987, the Certificate of Consent approving the Tarbiyya Nursery and Primary schools was issued by the Kaduna State Ministry of Education. Similarly, JSCE and JISCE centres were approved for the Institution by Educational Resource Centre (ERC), Kaduna in 2007. With the establishment of Kaduna State Private Schools Board (KDSPSB), Tarbiyya Group of Schools was duly revalidated.

Recently, under the effective coordination of the management, Tarbiyya Group of Schools was offered full recognition by National Board for Arabic and Islamic Studies (NBAIS), in 2008, at the Institute of Education Ahmadu Bello University Zaria, while in 2013 and 2014 the Senior Secondary Certificate Examination Centre was approved for the school by both West African Examination Council (WAEC) and National Examination Council (NECO) respectively.

In view of the above, TGS offer both conventional and Islamic education at the following levels:

WESTERN/CONVENTIONAL EDUCATION

1. Crèche (childcare facility for working mothers)
2. Nursery School, 3 years programme.
3. Basic Education School, 9 years programme.
4. Senior Secondary School, 3 years programme.

ISLAMIC EDUCATION

1. Qur'anic Memorization (Tahfeez), 6 years programme.
2. Nursery Arabic and Islamic, 3 years programme.
3. Basic Arabic and Islamic Education, 9 years programme.
4. Senior Arabic and Islamic Secondary, 3 years programme.
5. Basic Arabic and Islamic Education Course (Weekend) 2 years programme.
6. Intermediate Arabic and Islamic Education Course (Weekend) 2 years programme.
7. Advance Arabic and Islamic Education Course (Weekend) 2 years programme.

It will interest you to know that all our schools are duly registered, recognized and approved by all the relevant authorities and our courses are duly accredited and run in accordance with the best educational practices. Most importantly, the institution was offered certificate for full recognition by the following Boards, Councils, Commissions and Ministries:

- Corporate Affairs Commissions (CAC), Abuja
- Ministry of Education, Science and Technology, Kaduna
- Kaduna State Private Schools Board (KDSPSB)
- Educational Resource Centre (ERC), Kaduna
- West African Examination Council (WAEC)
- National Examination Council (NECO)
- National Board for Arabic and Islamic Studies (NBAIS)
- International Open University (IOU)

VISION

To be a famous centre for worship, teaching and learning in both Islamic and conventional knowledge in Nigeria.

MISSION

To educate the community and inculcate mutual love and peaceful co-existence.

OBJECTIVES

- To achieve the inculcation of high standard education for further academic pursuits in institutions of higher learning within and outside Nigeria.
- To inculcate a culture of discipline, tolerance, hard work, and academic excellence to enable national socio-economic, scientific and technological growth amongst learners that will allow for healthy competitions in Nigeria and outside world.
- To inculcate the spirit of inquiry and patriotism through the exploration of nature and vocational training and expose the learners to the world of science and technology.
- To identify and fully realize the development of individual talents and skills for optimum utilization of his/her potential.
- To inculcate good moral behaviour amongst learners.

Education for Development Our Focus

EDITORIAL

Education is so crucial for the survival and development of humankind. From the beginning of history, education as a phenomenon moves the world and determines

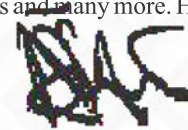

which direction the pendulum of progress moves to. It serves both as a catalyst for and indices of development. Education gives both hard and soft power to countries. European powers and the United States of America dominate and rule the world for over five hundred years now. They are propelled to this pre-eminent position by education. In the same vein, Malaysia is now among countries of the world which enjoy soft power due to the fame of their educational institutions.

Decolonization process throughout the world and particularly in Africa has been impossible, only with the power of education which exposed the contradictions in the policies of the colonial powers as well as their hypocrisy. At individual level, education liberates humankind from ignorance, diseases, poverty, tyranny and superstition. Quite a

number of the Nigerian elite originated from the rural areas; children of the peasantry who became governors, ministers, top civil servants, the academia, military officers and members of the diplomatic corps among others. Hence, the Almighty Allah SWT has been quite clear or emphatic about education, thus: "Allah shall raise in His favour those who believe and those who are given knowledge" Al-Mujadala 58:11. Therefore, once the education of a country is messed up, the country itself is inevitably messed up. A country which neglects its education is at its peril. In this regard, it is lamented that in the contemporary world today, systems are eroded, positions and authorities are abused and moralities are decayed. This is obtainable at national and sub national levels of most countries. Moralities of the citizenry could be linked to the type of education acquired. Thus, arguments from various quotas prevail, that there is serious lack of correlation between education, social value and development in Nigeria. It is in the midst of this that Tarbiyya Group of Schools is poised, dogged through conscious efforts to mould the lives of the learners and shape their destinies through the provision of pristined Islamic Education. Learners are wholistically trained spiritually, morally, physically, academically and otherwise. The institution puts in a system that inculcates spiritual values geared towards achieving high moral standards and academic excellence.

Indeed, parents have been endowed with

exalted status as a result of their responsibility to care for their children physically and emotionally. In this regard, the school unflinchingly reminds them of the need for their religious duty and obligation of cooperating with the institution's strong-willed teachers towards supporting the growth of the learners into self-disciplined and responsible adults. In the spirit of academic and moral aspiration, the maiden edition THE EDUCATOR magazine is to unlock the treasure of every reader. It is loaded with interllectual articles, fascinating photographs, stimulating spiritual write ups and many more. Happy reading!!!

From the Desk of the Director, H.F.I (Mal. Muhammad Bello Auwal)

We give glory to Allah (SWT) for given us the opportunity to present the Sixth edition of THE EDUCATOR magazine of our esteem Harakatu Falahil Islam, Tarbiyya Group of Schools, on this occasion of razzmatazz graduation ceremony for graduates of 2022 Conventional Schools.

With deep sense of honour and gratitude we commend parents and families for their efforts in meeting up with the needs and welfare of the learners. We also wish to solicit for continuous goodwill and support for the growth and success of the school.

We would like to put it in record that, Tarbiyya Group of Schools is a school renowned in defendable results and famous in both co-curricular and extra-curricular activities. No doubt the school is the pride of parents, stakeholders and our host community. Recently, both Islamiyya and conventional schools are attracting the attention of parents not only

because of the conspicuous quality of education of our learners but also through their exhibition of conscious discipline.

By its inherent nature, the School curriculum is blend of Islamic values, traditional values and modern educational models, such that aims at training children spiritually, morally, physically, academically and otherwise. However this achievement could not have been possible without the concerted efforts of the school management, parents and the teachers. We thank and appreciate our staff for their diligent services and support towards the development of the school.

While we congratulate dear graduates, we also admonish them to fear Allah, practice what they have learnt and to be good ambassadors of the institution. We also urge them to seek for more knowledge. Our earnest prayers for you remain that you be successful here in this world, and the hereafter.

Similarly, On behalf of the management,

we sincerely appreciate the amiable teams of editors and media, we pray to Almighty Allah to reward those who contributed to the development of HFI most abundantly, continue to bless, guide, protect them and crown their kind efforts in this noble cause with al-Jannah. Amin.

Finally, although the challenges are numerous, we assured the Muslim Ummah of our continuous selfless service in maintaining improved standards of education through the provision of adequate infrastructure, competent teachers among others.

FROM THE PRINCIPAL'S DESK

We thank Allah (SWT) for giving us the opportunity to witness this day and for giving us the ability to present the first edition of the Tarbiyya Group of Schools Magazine. We also appreciate the effort of the stakeholders of this noble institution for their dedication and steadfastness towards the growth of the school. I equally want to use this medium to commend our students for their hard work. I believe that we have done all humanly possible to make you a better individual in the society. I only hope you hold on to the good virtues you have learnt all through your stay in this school. I wish you all the best in your lives' endeavour and Allah's guidance. We will not forget to mention the efforts of our staff. Indeed we always appreciate your efforts in discharging your various responsibilities as your efforts have always been our

strength. I hope you do not get tired in discharging this difficult task.

And to our parents, there is no words enough appreciate you for your efforts in ensuring that you support your wards, especially in this difficult time just to provide them quality education. However, I want to use this medium to implore you to do better, especially in paying up your ward's school fees as and when due. I implore that you also do your best to instil good morals in them as we can only help you nurture what you have already instilled in them from home, So, please do help us to help your children in order to make them a good ambassador of your homes, the institution and the society at large.

I equally want to use this medium to appreciate the school management, the director and all the heads for always promptly attending to issues of great concern. I pray that Allah reward you abundantly.

The P.T.A. Executive under the leadership of Engr. Ibrahim Egwu and his assistant Mallama Salamatu Muhammad Isa contributed food items and money towards the welfare of the teachers of Tarbiyya Group of Schools and the institution in general. During the twenty-nineteen Corona virus Pandemic which does not only affect the lives of the people negatively of this country but the people of the world at large; the committee gave food items worth one hundred thousand to the teachers of the school. This distribution took place on the

twenty-sixth of May, twenty-nineteen.

Likewise, on the second of May twenty-twenty-two, the committee also disbursed the sum of ten thousand naira each. This donation was made in order to help ease the hazard of the continuous hike in the prices of commodities in the market on the staff during the celebration of Eid-el fitr.

The P.T.A. in their benevolence also gifted the school with seventeen iron seats on the eighteenth of July, twenty-twenty-two. This was made in order to create a conducive environment for learners to learn comfortably. I will not forget to appreciate the Parents Teachers Association P.T.A. for their tremendous efforts towards uplifting this institution. May Allah continue to uplift them and reward them with Aljanatul firdaus.

Lastly, I want to use this opportunity to wish one of our teachers in person of mallama Rahmatu Suberu who got married, a blessed marital life and equally use this moment to pray for the soul of our Late staff, Mallama Amina Garba, who sadly passed away after a prolonged illness. We pray that Allah grant her Al-Janatul Firdaus.

Once again I thank you all for honouring our invitation and gracing our occasion with your amiable presence. God bless you and I say a big Jazakumuallahu khairan.

Who is a Friend?

A friend is someone whom is always happy to help when you run into a problem. A friend is someone who brings out the best in you. A real friend is someone who cheers you up when you are feeling bad. True friends advise you and will never turn you down. Good friends are hard to come by, harder to leave, and impossible to do without.

Healthy Tips

Psychologists Say:

1. If a person laughs too much, even at stupid things he is lonely deep inside.
 2. If a person sleeps a lot, he is sad.
 3. If a person speaks less, but speaks fast, he keeps secrets.
 4. If someone can not cry, he is weak.
 5. If someone eats in a abnormal manner, he is tensed.
 6. If some cries on little things, he is innocent and soft-hearted.
- Try to understand people more.

A Better Society

There are many ways you can make an impact on the world. But there is no greater impact than spreading knowledge, and empowering people who'll empower and teach others, who in turns, will empower and teach more on and on, we all can contribute to better our society.

- A** - Actualization of learner's dreams.

From Mal. Abdulmutalib Adeiza
(Admin Clerk)

Who Talked?

There were three men living together as bachelors. They wanted to have wives but had no money to do so. They decide to see a native doctor who ordered them not to talk until they reach their houses.

On their way home the first man said, "Remember that we were told not to talk" the second man interrupted and said "you have talked while the third man said thank God I have not talked. So they all died.

There was a teacher who stammered a lot. On this faithful day he wanted to teach. When the class saw him they greeted him and he began to teach he wanted to say hippopotamus he stammered and said hip-hip-hip and all the class shouted hurray.

This message is very important to the Teachers, Parents, Guardian and Students to hear.

My esteemed parents, the exams of your children are starting soon.

I know you're really anxious for your child to do well. But please do remember amongst the student who will be sitting for their exams, "there's an artist who doesn't need to understand math", "there is an entrepreneur who doesn't care about history or English literature", "*there's a musician whose chemistry marks won't matters*", there is a sport person whose physical fitness is more important than their grade in physics.

If your child does get top marks, that's great. But if he/she doesn't, please don't take away their self-confidence and their dignity from them. Tell them it's ok, it's just an Exam. They are cut out for much bigger things in life. Tell them no matter what they score, you will love and not judge them. Please do this and when you do, watch your children conquer the world. One exam or low mark won't take away their dreams or talent. And please do not think that doctors and engineers are the only happy people in the world. Exams are important but they're not everything. "Grades are good", but they don't define you. Don't let one exam or one grade define your whole future. There is so much more potential right inside you. Don't let other people matrices of success become yours. With warm regards

Ibrahim Bawale

Let's Fight Insecurity Together

I remember when my father liked to travel at night. It was believed by my country people that (night journey) was faster and more serene.

Today even journeying by day is a herculean task. My country roads have become a play ground for kidnappers, bandits and robbers.

Competing earnestly for the heftiest profit.

Many have decided to stay in their homes “secured” behind strong walls and electric fences still, they are not safe

Kidnappers swarm to their homes with heavy weaponry and haul them away.

Soon, heavy ransoms are demanded To delay or refuse means death for the innocent victims

Nigeria!

What is the way forward?

Our father land has become a death trap

Patriotism has become a joke as we target each other

Borno state, “ the land of peace” is now a “boko Haram” play ground

The peace and tourism of plateau state has been defeated by religious wars

Nigerians!

Let's work together to revive our once vibrant lead

Be your brother's keeper.

Stop the trader in humans.

Together, we are one and stronger
God bless Nigeria.

How do I grow through Pain!

Many of us are going through different degree of pain right now,

It could be emotional, physical or psychological

It toys with our psyche, makes us sick and leave us completely helpless,

At times we think there is no light at the end of the tunnel as we are made to believe.

Although we don't realize it immediately, the pain we are going through could be a way for us to become extraordinary.

It is a door through which we could discover our true selves.

It could open our eyes to see the amazing blessings in our lives or it could be a pedestal for us to reach the true potential prepared for us by the Almighty.

So dear one, whatever you are going through right now,

Know that there is indeed a light at the end of the tunnel

There is hope and every pain we feel emotionally or physically has a purpose.

Use this pain to grow

Let it become a catalyst for you in life.

Let it get you closer to your creator and let it humbly you

Do not let it consume you or ruin your life

Let it not lead you astray

When it strikes and you think it will never end be grateful and ask yourself

“How do I grow through this pain?”

Look inward and I promise you this pain will lead you to something incredible.

Compiled by **Late Mrs. Garba Amina (English Teacher)**

The Pandemic 2020

We were told to stay not to go out hunger made some cry. Others were devastated and frustrated life didn't have any meaning. Some were hopeless and needed someone to give them hope.

Some were hungry they needed who to give them food.

Some were voiceless they needed who to give them a voice.

In 2020 there were a lot of domestic abuse and rape.

Lives were lost due to hunger, devastation, frustration and lost of job

Access bank sacked a lot of worker and donated 1 billion Naira to the W.H.O for the vaccines of COVID 19. Because of high rate of COVID-19 cases, the increment of cases, things were difficult for everyone but we just had to pick up the pieces of both our lives and bodies and move on because courage is not when you see your problem and run away from it, courage is when you face your problems and profer solution to them.

By **Aisha Shuaibu (SS 1)**

JOKES

There was one penniless and jobless young man who went to the city in search of a job. After a fruitless search one day, the worms in his stomach were about to start a third world war when he saw a restaurant with the sign board our LORD's RESTAURANT

He quickly went in and ordered a heavy and sumptuous meal. After eating, he was about to go without paying but the woman who owned the restaurant held him by his shirt and shouted: "thief!!! You must pay me for the food".

"Pay you? When this is the lord's restaurant the man asked feigning surprise.

The woman tore his shirt, poured oily water on him and hurried abuses at him. He was finally allowed to go after some time. The young man went away happy because atleast he had food in his stomach"

"One boy called Eze usually ate with his father. He noticed that his father always had the bigger piece of meat near him and he ate it. One day as they were eating, the boy decided to play a trick on his father.

"Father, our geography master taught us that the earth rotates", the boy said and demonstrated it by turning the plate. The bigger piece of meat came to his side and he was very happy. However, he rejoiced too soon for after sometime his father said "I remember that our geography master taught us that the earth still rotates like this". He demonstrated the rotation by turning the plate and the bigger piece of meat came back to his side.

Eze wore a long face but his father chuckled and said to himself." If a cunning man dies, a cunning man will bury him.

My fellow students, illiteracy can be very bad. One old woman was sick and was told to bring her stool for laboratory tests. 'Do you know what she did? "She took her kitchen stool to the hospital"

"There was once a governor in Eastern Nigeria. He came out and told his people; 'I will fire and water the town' instead of promising to provide electricity and pipe-borne water. Some people who feared for their safety quickly relocated to

other cities. Then there was this governor in one of the Northern states who was asked by journalists to name the mineral resources in his state and he replied, "there is Fanta, coke and Sprite.

POEM

ALL THINGS BRIGHT AND BEAUTIFUL

All things bright and beautiful
 All creatures great and small
 All things wise and wonderful
 The lord God made them all
 Each little flower that open
 Each little bird that sings
 He made their glowing colours,
 He made their tiny wings
 The purple-headed mountain
 The river running by
 The sunset and the morning
 That brightens up the sky
 The cold wind in the winter
 The pleasant summer sun
 The ripe fruits in the garden
 He made them for every one
 He gave us eyes to see them
 And lips that we might tell
 How great is God Almighty?
 Who has made all things well?
 Ten points on child psychological development
 If a child lives with criticism, he learns to condemn.
 If a child lives with hospitality, he learns to fight.
 If a child lives with ridicule, he learns to be shy
 If a child lives with encouragement, he learns self confidence
 If a child lives with shame, he learns to feel guilty
 If a child lives with tolerance, he learns to be patient
 If a child lives with praise he learns to appreciate
 If a child lives with fairness, he learns to justify
 If a child lives with security, he learns to have faith
 If a child lives with approval he learns to like humility
Compiled by Ismail Nurudeen Rasheedat

Dear January

I received your letter which you sent through February how is March and April? I hope they are all fine. They told to inform June that July is on the way coming to see August because September Has been sick since October extend my greeting to November and December.
 The full meaning of student
 S= Study very hard
 T=Teach your younger ones
 U= use your talent and brain wisely
 D= Determine your future
 E= Enjoy the Fruit of your labour
 N= Never stop working very hard
 T= the future will be bright for you.
Compiled by Mariya Bashir (SS1)

My Pen

No pen no note
 No note no study
 No study, then failure
 Failure, no certificate
 No certificate, no job
 No Job, no money
 No money, no food
 No food, then turn skinny
 Skinny ugly
 Ugly, and no love
 No love, no marriage
 No marriage no children
 No children you remain alone
 Alone and depressed
 Depressed then sickness
 Sickness then death.

My Hijab

The beholder of my dignity
 Hijab the garment of beauty
 The enhancer of quality of my personality
 The preserver of my dignity and intergrity
 Hijab my friend of morality
 The assurer of my humility and security
 Hijab the protector of my chastity
 The nourisher of my purity
 Praise be to Allah who gives me liberty
 Hijab my identity
 Not a mere fashion entity
 But an act of worship activity
 You are adorable in the contest of Al-janat
 The responsible ones admire your "exticity"
 O you majesty!
 I and my hijab till infinity
 My pride will remain till eternity
Fatima Adam Shagari (SS 1)

A Day to Remember

One day you will lock your door but will not be the one that will open it.
 One day you will wash your best clothes and will not be able to wear them.
 One day your best food will be prepared and you will be unable to eat it.
 One day your curriculum Vitae (CV) will get expired.
 One day the persons that seem to love you must will never dare to move closer to you.
 One day you will think of what you can never accomplished.
 One day you will hold your breath and forget to release it.
 One day you will be regarded as "that thing".
 One day houseflies and termite will come your way and you will be unable to chase them away.
 One day you will be isolated in a place called "GRAVE"
 One day you will become defender before the chief judge ALLAH (S.W.T).

NO ACCOUNTING FOR TASTE

No Accounting for taste
 What you dislike and called Waste
 Is I like.
 You call cheese, honey
 I called it bitter pill
 You prefer a monkey
 While chimp makes me chill
 You like worshipping Sun
 I love worshipping God
 It really Fun
 You called mine odd
 I lived in tradition
 You lived in modernity
 But in Addition
 I lived in Islam.
 You prefer winter
 That is your choice.
 Mine is summer
 You Urged me to study Biology.
 I urged you to learn Shakespeare.
 You what me to live by Astrology
 Let poetry be your Spear.
 When you lay on your Bunk
 You listen to the Music, Rock.
 But I listen to Qur'an
 Who should be given a violent blow?
 You love a black lady
 With long dark hair
 I love a white Baby
 To be my Heir.
 You Desire Democracy as a
 system of your Government
 I Desire theocracy
 It had the best Management.
 Let us be a Union
 Let there be chaste
 Let's tolerate each other's opinion
 FOR NO ACCOUNTING FOR TASTE

THE SEVEN SOCIAL SINS

Wealth without work
 Pleasure without conscience
 Knowledge without character
 Commerce without morality
 Science without humanity
 Worship without sacrifice
 Politics without principle
Compiled by Mallama Asma'u O. Suleiman

NEVER GIVE UP

Some times in life the road becomes slippery, and you tumble and fall. But don't lose heart just get up and forget it all.

When you think you have had enough, and can't take anymore, don't think like that; thought like that should be ignored?

When you have lost your way in the darkness of night, just keep walking because the sun will rise and guide you with its lights

You go every way in a dark cave, and it seems like an impossible puzzle.

Keep going and you will find the way out.

For there is always a light at the end of a tunnel nothing can shatter your dream of the past. This is the reason that makes your journey last.

When you try to achieve your dreams, you will have to suffer and strive.

But do everything it takes to get there. Hang in there and you will survive. The reward you earn will pay off for the efforts you have sacrificed.

You will feel the joy and glory rush into you and that will feel really nice!

Never give up, never back down.

If you prevail you will be the one to wear the crown.

Don't let anything get in your way.

It's all about how you do it and your style of play.

So never give up on your dreams

No matter how hard they may seem.

POEM ON SCHOOL

School is a daily routine for us,
 In the morning, we are sure to make a fuss,
 Even when the sun is still not up.
 Here we are, awake at 6am sharp.
 We feel that school is school is such a love,
 We feel that school is such a chore,
 Parents say. "School is great"! Now, go!
We say "well, what do you know?"
 Late a minute and we have to run,
 Eyes half open, shoelaces undone.
 We reach school and we see our friends.
 Immediately, the torture ends.
 We have a chat and go with the flow.
 Then the bell rings; it is time to go.
 We may at times find school stressful.
 To have some fun, we have to bend some rules.
 Talk back to teachers and detention we serve no
 doubt,

It is sometimes what we deserve.
 Sometimes they are as cold as ice,
 And other times they are actually really nice.
 They teach us and give us a helping hand,
 They are forever ready to listen and be a friend
 They have built much confidence in us,
 Just not when they are being really harsh.
 Over the years of education.
 Never have we had so much.
 Learning with action.
 Such as camps, experiment and activities
 We have learned so much and even saved the
 trees.

A wise teacher once said aloud,
 Success is failure turned inside out
 So stick to the flight when you are hardest hit
 Rest if you must, but don't you quit
 Some may see school as a torture chamber,
 Some cannot wait for the holidays in December,
 But it depends on how we look at school.
 Honestly, positively
 School is cool!!!

THE ZEAL TO BE IN TARBIYYA SECONDARY SCHOOL

I had always longed to gain admission into Tarbiyya Secondary School. As soon as I was promoted to primary six the zeal became more fascinating. The uniform of the school is my best colour and the academic excellence of the school also added to my zeal. The school is located near my primary school. I had always admired the students in their neat and dazzling, light green shirt over dark green trousers for boys and light green hijab, head tie and below knee caftan for the girls.

I therefore made up my mind that I would be like them and I looked forward to the day I would be one of these gaily-dressed, good looking, and admirable students. I decided to face my studies squarely, doing all the assignments given to me by my teachers. I became a book worm; while my classmates were playing ball, I would be reading my books. Even at home I begged my parents to reduce my participation in household chores so that I could have enough time to read. My parents co-operated with me having discovered my ambition.

Eventually, the entrance examination to Tarbiyya secondary school was held. I had to wait for a few minutes before the results were released. At last the results were released and I was one of the top ten pupils that excelled. My joy knew no bound. My parents too were overjoyed. As a mark of the appreciation of my diligence, my parents presented me with a wrist watch. My father then obtained the list of requirement from the school authorities and bought almost all the items on the list.

I am happy, for my dreams come true.

TARBIYYA WORLD NEWS

On Tarbiyya World News today, first the headline:

- ✓ Tarbiyya group of school held its first annual mathematic competition.
- ✓ Extra-curricular week for the year 2022.
- ✓ A child advocacy group invited the school for a special programme.
- ✓ Workshops were organized to equip teachers.
- ✓ Harkatul Falahil Islam gets its 4th Chief Imam.
- ✓ Dilly-dally payment of school fees.
- ✓ Entrance examination for the year 2022.
- ✓ Closing and resumption date.

These and more on Tarbiyya World News today;

Now the news in details:

Tarbiyya Group of Schools held its first annual mathematics competition on the twenty first of October twenty – twenty one at the school premises.

The competition which was sponsored by Alhaji Adamu Abdullahi was aimed at bringing out the best amongst students and encourages others to imbibe the spirit of hard work.

The participants, who had earlier undergone a series of screening and selection phases to qualify for the competition, were rewarded with gifts, ranging from plasma television, laptops, jam boxes, calculators, mathematical sets and lots more after passing through the knock out stages to emerge as the winners of the competition.

According to the programme manager, Mallam Aliyu Saddam Wakawa, the competition was organized in order to instil in students the ability to learn and think creatively in all fields of life.

The annual extra – curricular week

activities for the year 2022 showcased interesting events in which the Pre-basic, basic and the secondary classes actively participated in the programme. The programme lasted from 2nd to 5th of March, 2022.

The extra-curricular week featured events ranging from career day, national and international cultural display, cooking competition and Arabian day.

The primary section showcased the Bajju, Shuwa, Igala, Idoma, Tiv, Ibibio and Bendel traditions, which focused on their traditional attire and cultural foods with Shuwa coming up first position, Bajju second position and Bendel third position.

The secondary section equally displayed the traditional cultures of Malta, Catalonia, Estonia, Scotland, Ethiopia, Haiti and Slovenia with their traditional foods, costumes, brief biography of these countries and their national anthems. These events exposed the students to the beautiful and diverse cultures from around the world, thereby making them to appreciate other cultures different from theirs, also to be tolerant of other cultural heritage globally.

The management of the Aku Social Centre, a Children Advocacy group invited the school for a special programme with the theme “know your password”.

The programme which was held on the second of February, twenty-two was aimed at exposing the teenagers to the dangers of social and mental well-being of women and children faced with domestic violence and child abuse, such as rape and molestation.

The programme educated the students on the various forms of abuse targeted at women and children and how to protect themselves from being victims of

such abusers.

The students were also taught various precautionary measures to be taken should they find themselves in any of these ugly scenarios. These measures include calling a nearest child and women advocacy centre in order to seek access to justice.

Tarbiyya Group of schools regrettably announces the demise of one of its finest staff in person of Mallama Amina Ladidi Garba who sadly passed away on the 27th of September 2021 after a prolonged illness.

The Janaza was held in the school premises and was headed by the Chief Imam of Harkatu Falahil Islam Juma'at Mosque, Barnawa Low Cost.

Before her demise, Mrs Garba was a dedicated and hardworking staff with a rare personality hard to come by and would be greatly missed by the entire staff and management of the institution.

The Harakatu Faslahil Islam management prays that Allah rest her soul in Aljanatul Firdaus and grant her families and loved ones the fortitude to bear this great loss.

The students of Tarbiyya Secondary School participated in an annual inter-school sport competition usually organized by the Muslim Students' Society of Nigeria, held at Kaduna State University Sport Complex.

The competition featured different sporting events and activities. The team Tarbiyya emerged as overall second best.

In the same vein, the students of Tarbiyya Secondary School participated in the Muslim Students' Society of Nigerian, Kaduna Area Council's Annual Quiz, Debate, Essay writing, Spelling Bee, Impromptu speech, Musabaqa, English and Arabic

passage reading competition.

At the end of the competition, the school came out first position in quiz.

Following the outcome of the screening interview by the council of Imams, Kaduna State, the appointment of Mallam Muhammad Bello Auwal as the substantive Chief Imam of Harakatu Falahil Islam Juma'at Masjid was approved by the Board of Trustees with effect from 7th July, 2021.

Mallam Muhammad Bello Auwal is the fourth Chief Imam of Harakatu Falahil Islam Juma'at Masjid from Sheikh Adamu Abubakar, Sheikh Muhammad Auwal Mai-Iyali and his immediate predecessor Sheikh Muhammad Awwal Saleh Al-Ghashawy

TRAINING AND WORKSHOPS

Training and retraining of staff is the key for sustainable development in every organization. The HFI staff attended various trainings, workshops and seminars, within and outside the state, on different themes, to build and strengthen the capacity of HFI staff.

Some of these trainings include, Effective School Administration and Management for School Administrators, Building Resilience against Violent Extremism Through Alternative Narrative (Brave-Tan), Sharia Intelligence, Diction and Phonics among others.

In the same vein, Safe Online Organization held a programme to educate teachers on the need and importance of safety when surfing the internet and how to be safe online. The programme which was held in Tarbiyya Group of Schools on the 4th November, 2021 emphasized on the importance of being safe online.

According to the anchor of the programme Mr. Colin Njofu and Miss Nafisa Aderonke sensitive information such as home address and social status should not be

posted online. Teachers were advised not to post sensitive information such as their home address, children's names, pictures on school uniform or customised wears with their children's names on it, their social status and whereabouts at every point in time.

At the end of the programme, the participants were encouraged to create a stronger password for their social media accounts. They were also told a site where they could test the strength of their password and how long it could take to hack their accounts.

The entire management of Tarbiyya Group of Schools congratulates its grandaunds of nursery, primary and secondary sections. It wishes them best in their future endeavour, Allah's protections and guidance as they aspire to a greater height. It also looks forward to celebrate students of great character, charisma and goal achievers. It expresses optimism that its graduands have made the school proud.

The entire management of Tarbiyya Group of Schools wish to announce and congratulate the excellent performance of their students in the last concluded West African Examination Council (WEAC), and National Examination Council (NECO). The result shows that most of the students who sat for the examination came out with flying colours, such a performance is not only excellent but also remarkable. The school management however stated their displeasure regarding the attitude of parents towards the payment of school fees has become a source of concern in the institution.

In an exclusive interview with the school director, Mallam Muhammad Bello Auwal and the school cashier, Mallam Hamza Abdullahi who both expressed dismay over the nonchalant attitude of some parents towards the payment of their children's school fees, the non payment of school fee has drastically led to a negative

implication and consequences to the smooth running of the organization.

The director also commended the effort of the parents who have been trying to meet up with the payment of their children school fees as and when due.

The Parents Teachers Association (PTA) executive under the leadership of Engineer Ibrahim Egwu and his assistant, Mallama Salamatu Muhammad Isa contributed food items and Money towards the welfare of the staff and the institution in general. The P.T.A donated food items to the teachers of the school. This distribution took place on the twenty sixth of May twenty nineteen.

Likewise, on the second of May twenty-twenty two, the association distributed the sum of ten thousand naira to each of the teaching and non-teaching staff.

This donation was made in order to help ease the negative effects caused by the continuous hike in prices of commodities and help in the celebration of Eid-el fitr.

The PTA in their benevolence also gifted the school with seventeen iron seats on the eighteenth of July twenty-twenty two. This was made in order to create a more conducive learning environment for learners to learn effectively.

ANNOUNCEMENT

The management of Tarbiyya Group of Schools wishes to inform the parents/guidance and the general public that its entrance examination into any of its classes for the year 2022/2023 academic session is scheduled to take place on the 8th of September, 2022 within the school premises.

The 2021/2022 academic session punctuality of students, coming before 8.00am has improved tremendously and the rule of locking the gate by 8.00am still continues next session, In sha Allah.
